Message From The Chairman

1. Army Institute of Law today proudly stands among the top law colleges of the country. Continuing our march ahead on the growth trajectory, we reaffirm our commitment to dedicate ourselves in making every student industry ready. We are, towards this aim, consistently striving to foster a strong industry-academia partnership. Regular interface with the industry and interaction with monumental legal minds globally, association with law firms and recruitment drives at college all form part of our concerted efforts to ensure the best possible placements for our alumni.

2. To facilitate the overall growth and development of students, the Institute has an impressive infrastructure in it's state of art well structured campus with modern hostel and recreation amenities. We constantly strive to attract passionate faculty and capable students, to nurture an academically oriented professional environment. Our stress on participation in subject specific activities such as moots, debates in addition to holistic participation in extracurricular activities has brought laurels to the institute and is symbolic of the indomitable spirit of our students and the desire to excel in the contemporary environment. Over the years, our students have proven their mettle and carved a niche for themselves at prestigious global fora.

3. Given the above back drop I take immense pride in introducing the AIL Batch of 2021 for placements and we invite you to partner with us in availing the best from among our young legal luminaries.

JAI HIND

(Vikram Taneja)

Maj Gen

Chairman

Message From The Principal

Dynamic in vision and robust in commitment, AIL has traversed a long path characterized by excellence in all the aspects of education. The institute constantly endeavours to fine-tune its curriculum and pedagogy to match the requirements of the profession and society by incorporating the latest legal trends in the curriculum. On one hand, the subjects of contemporary relevance and global expectations have been given due space and on the other hand, subjects pertaining to social justice and human rights continue to mark their presence in the academic life of this institution.

The time one spends at AIL is an enriching journey for all to form life long bonds and to be professionally ready to render their services to the society. Whether inside or outside of the college premises, the batch of 2021 has been one of thorough professionals, true citizens ready to meet the challenges of the world head-on. A team of experienced, earnest and dedicated faculty mentor and guide the students in their intellectual pursuits and groom them to meet the demands of the legal world.

The relationship between educational institutions and the legal workplace is highly synergetic. Since the primary objective of students in pursuing higher education is to get a good job on completion of their studies, the institutions need the support of the legal industry to help the eligible students in their final placements. On the other hand, the industry looks forward to the educational institutions for their requirement of qualified and trained manpower. Thus, it is in the interest of both Industry & Institutions to develop strong cooperation, which can be a win-win situation for both and will be in the interest of the students.

We are committed to ensure the best recruiting experience and assure you of our best efforts.

Best Wishes

Dr. Tejinder Kaur

Message From the Registrar

ARMY INSTITUTE OF LAW in the course of aspiring and achieving, is forever forging ahead to set and achieve higher standards of excellence in the field of legal education by grooming young budding lawyers into skilled law professionals.

The progress of an Institute depends primarily on the performance of the students in academics, sports and cultural activities which are also in consonance with high values and ethics. And I am proud to say that the Batch of 2021 of our Institute is doing excellent on all the fronts.

Over the past years, I have seen this batch explore its potential by demonstrating extraordinary levels of enthusiasm, dedication and commitment. The Batch of 2021 does not shirk away from challenges; while it sets high standards, goes on to surpass them, and raises the bar for everyone else. Our students under the guidance of an enlightened faculty receive a comprehensive legal education which endows them with crucial analytical skills and empowers them to critically evaluate laws, the functioning of the legal system and the interplay between the legal system and society. The vibrant clinical education programs and seminar courses help our students engage with the legal system through their areas of interest, ensuring that Army Institute of Law, Mohali through the character of its instructions, remains committed to broadening the base of legal education.

The students of this batch strive to be responsible legal professionals, which I trust will make them loyal and committed members of your organization. I invite you to the Army Institute of Law, Mohali to interact with the students of the Batch of 2021. Their presence has enriched the College and I am confident that they will positively contribute to the growth of not just the legal profession but of the nation as a whole.

Regards

Colonel SP Singh (Retd)
Registrar,
Army Institute of Law

Message From The Placement Officer

I, extend a warm welcome to the prospective recruiter of AIL for the upcoming campus placements 2020-21.

With a legacy that spans over a period of more than two decades, AIL is a deep rooted institution that has proven its academic excellence in the legal field. AIL ensures to bridge the gap between the theory and practical application of concepts through a learning process which is simulative, participative and multidisciplinary.

I take pride in stating that AIL is the alma mater of various reputed personalities who are now placed in top ranking law firms, corporate houses of India. Out students with their strong foundation of conceptual understanding of legal principles and with diverse practical exposure through internships in different realms, have always proven to be valuable asset in whatever capacity they have been recruited in the past.

The students of current academic year have shown full enthusiasm and taken up their sessions through digital platforms. They have shown excellence at work by understanding their responsibilities, keeping themselves engaged and successfully converting this challenging situation into an opportunity to learn.

Looking forward to establish a more profound, robust and mutually beneficial relationship.

Regards

Dec 2020

Mrs Pooja Nayar

Awards and Accolades bestowed on AILians

Achievements in Moots

Achievements in Sports

COLLEGE COMMITTEES

(a) AIL Moot Court Society

Mooting is the oral presentation of a legal issue or problem against an opposing counsel and before a Judge. It is perhaps the closest experience that a student can have whilst at university to appearing in a Court. Mooting helps in building the confidence in public speaking, general research, and presentation skills. Keeping in mind the relevance of mooting for law students the Army Institute of Law takes keen interest in this segment of law-learning via its Moot Court Society headed by a teacher coordinator and student. Two Intra-Institute Moot Court Competitions are conducted annually. One of these is the Novices Moot Court Competition which is held exclusively for the participation of First year students with the aim of making them shed their inhibitions regarding mooting. The other competition is the Intra-Institute Moot Court Competition which is open for participation by students from second year to the fifth year. The Institute is also a proud host of its Annual National Inter-College Moot Court Competition-Checkmate, in which teams from various National and other prestigious law colleges participate. From the academic year 2019-20, Army Institute of Law in collaboration with Surana&Surana International Attorneys, initiated with another National Level Moot Court Competition-Surana&Surana and Army Institute of Law National Family Law Moot Court Competition. The Institute awards the winners of the competition with certificates, cash prizes and a running trophy. Besides hosting these events the institute also participates in various National and International Moot Court Competitions.

(b) AIL Debating Society

The AIL debating society encourages students to develop their oratory skills by their participation in various Intra and inter institute debates, extempore competitions and MUNs. An Intra-Institute Debate is organized every year to encourage maximum participation of the students. The Institute awards the winners of the competition with cash prizes and a running trophy.

(c) Legal Aid Cell

The avowed purpose of the Legal Aid Cell is to promote access to the legal system, whereby every person has access to the legal process irrespective of social or economic incapacity. The Army Institute of Law Legal Aid Cell is headed by the faculty coordinator and students. The cell endeavors to sensitize students to the problems being faced by the indigent and inculcate a sense of social responsibility in the students. Further, the course is meant to act as a platform for introducing the students to functioning of the legal system. The Legal Aid Initiative at AIL has been fashioned not as a mere means of aiding litigation, but as an outreach program directed at community welfare. Since a majority of our fellow countrymen do not enjoy easy access to legal services, the cell seeks to address this problem by dispensing free legal and para-legal services. The mandate of AIL Legal Aid seeks to:

- Assist the general public in better interpretation of the rights bestowed upon them and spread awareness.
- Play a constructive role in counseling people opting for legal recourse.
- To encourage pre-litigation services and out of Court settlements.
- To undertake research and development programs, while also serving as a depository of legal matters.
- To serve as a potent platform where people can inquire about their grievances in person or through the online portal

(d) Centre for research in Corporate Law & Governance (CRCLG)

Centre for research in Corporate Law & Governance (CRCLG), is created with the objective to promote interdisciplinary research in the field of corporate law & governance. The purpose of the CRCLG focuses on following aspects: •To promote comprehensive research preparing the students for viewing the world in an inter-disciplinary manner, endowing them with analytical skills to critically evaluate laws on corporate law & governance. •To conduct study of corporate law and governance within its economic, business and legal context, with particular regard to how corporate law and governance mechanisms facilitate or inhibit economic activity. •To provide a new way of thinking about the growing challenges in corporate law & governance and how to respond to them. •To conduct workshops, seminars, conferences, panel discussions, guest lecturers in order to adopt an explicitly comparative approach and develop strategies for ensuring sustainable development and success in the most competitive world. .

(e) Army Institute of Law, Centre for Research in Social Sciences (ACRSS)

The Army Institute of Law, Centre for Research in Social Sciences has been conceptualized with the objective to sensitize the youth towards social concerns which plague the contemporary society and equip them efficiently deal with these concerns by facilitating academic research across multiple disciplines.

The organization aims to:

- Foster a scientific temper, humanism and the spirit of inquiry in the students, as well as promote constructive dialogue through debates, group discussions and interactive lectures that focus on economy, polity, psychology, and other relevant disciplines.
- Introduce a hands-on approach to learning, as well as acquaint the students to the ground realities by conducting field trips to sites of historical and cultural significance, shelter homes, rehabilitation centres etc, and documenting the same through videos.
- Cultivate a new outlook towards Social Sciences by imparting a better understanding of research methodologies.
- Promote an interest in vernacular languages and provide a conducive environment for distinct cultural identities to coexist and flourish.

(f) Centre for Research in Constitutional Law and Policy (CRCLP)

Centre for Research in Constitutional Law and Policy (CRCLP) has been established with an objective to provide a platform to the students to bring forth their ideas on recent developments on constitutional law and promote research on constitutional and policy matters. CRCLP aims to initiate a dialogue on contemporary constitutional dynamics with maximum students' participation. With the motto Labor Omnia Vincit (work conquers all), the Centre vigorously works to enrich constitutional scholarship in an innovative way via offline and online mediums. Centre also provides assistance to students participating in various moot courts, quiz competitions, judgment writing competitions etc. Thereby, Centre aims to ignite a sense of inquiry and critical legal aptitude amongst students while analyzing the constitutional developments around them.

(g) Placement Committee

AIL's placement committee plays a pivotal role in counselling and guiding the students for their successful career placement which is a crucial interface between the stages of completion of academic program and entry into suitable employment. The committee functions with the primary aim of empowering students to meet industry challenges and provides assistance to students by managing industry interactions and industry relations.
